

Experience

Open to S27 internships

Design Engineer @ Newly

MAY 2026 – OCT 2026STOCKHOLM

Delivered **2x faster navigation** across the previous product by redesigning its UI/UX and information architecture. Ran **15 user interviews** and feedback sessions to uncover friction, then refined key user flows and onboarding. **Led design and front-end engineering** to ship a new agentic mobile app builder, backed by a **new design system**.

Design Engineer @ TextQL

JAN 2026 – MAY 2026NEW YORK

Reached **7,000+ customers** with **30+ visual assets** and animations for pages, docs, marketing, and product. Unified product and brand across the web platform and marketing site by creating a **tokenized design system**. Scaled content output across every surface by building reusable design tooling and front-end code.

Product Designer @ Yelo

JAN 2026 – APR 2026NEW YORK

Led design of a new social rideshare app, making it more fun and community-driven through UX and visuals. Reimagined the home screen as a **social signal-powered feed**, plus a standout **map screen** and onboarding. Created a cohesive brand experience by building a **scalable design system** and custom **3D vehicle iconography**.

Product Design Intern @ Augwa

MAY 2025 – AUG 2025TORONTO

Owned UI/UX and branding across web and mobile, grounded in competitive analysis and user research. Sped up developer handoff and kept UI consistent by building a **tokenized design system** of **20+ new components**. Streamlined core workflows by shipping desktop and mobile designs, including on-the-go use cases.

Product Design Intern @ Full Sprint / Heatmap.com

MAY 2024 – AUG 2024SAN FRANCISCO

Reduced cognitive load across a full platform redesign, guided by IA audits and competitive analysis. Delivered **10x easier navigation** and **4x faster load times** in the final redesign, driving higher product ROI. Standardized UI patterns and sped up future development with a modernized design system of **32 new components**.

Leadership & Activities

Campus Leader @ Figma

AUG 2025 – PRESENTTORONTO

Representing Figma at OCAD University and U of T by leading workshops and events for student designers in Toronto. Previously at UWaterloo, organized a designathon with 100+ attendees and ran a custom boba truck activation.

President / Director of Design @ GBDA Society

DEC 2024 – DEC 2025WATERLOO

Led the F25 team and W25 design for the student society of the Global Business & Digital Arts program @ UWaterloo. Launched the first logo redesign since 2016. Organized Mosaic 2025, UWaterloo's largest Innovation Challenge.

Co-Founder / Product Designer @ Elapse

NOV 2022 – JAN 2025TORONTO

Led a team of 8 to design and develop a smart tournament companion app for the Vex Robotics Competition. Reached **3,500+ users** globally with 4.8 stars. Users reported **3x faster** data access and better UX over competing apps.
